(a) Promoting economic development that is sustainable over the long term through local effort without subsidies or external support and that leads to improvements in quality as well as the quantity of economic activity in the community;

(b) Catalyzing economic development projects by providing critical investments that enable effective development projects to be undertaken by rural communities that, with the Rural Business Opportunity Grants (RBOG) assistance, will be able to identify their needs and take full advantage of available resources and opportunities;

(c) Focusing assistance on priority communities (defined in § 4284.603); and

(d) Sponsoring economic development activities with significant potential to serve as examples of "best practices" that merit implementation in rural communities in similar circumstances.

§ 4284.602 Policy.

(a) The grant program will be used to assist in the economic development of rural areas.

(b) Funds allocated for use in accordance with this subpart are also to be considered for use by Indian tribes within the State regardless of whether State development strategies include Indian reservations within the State's boundaries. Indians residing on such reservations must have equal opportunity, along with other rural residents, to participate in the benefits of these programs.
